Women v. Religion Karen L. Garst 2018-06-01 Throughout history, religion has been used as a tool of female subjugation. Women have been deemed less worthy than men, have been prevented from owning property, and worse—all in the name of a higher power. In recent decades, women have made progress in terms of equal rights with men, at least in Western democracies, but still, why has the United States never had a female president? Why aren't more women heads of Fortune 500 companies? Why do politicians in the West continue to attack women's reproductive rights? As this volume explores, it would be hard to find a bigger culprit than religion when identifying the last cultural barriers to full gender equality. With topics ranging from the subjugation of women in the Bible to the shame and guilt felt by women due to religious teaching, this volume makes clear that only by rejecting the very system that limits their autonomy will women be fully liberated from its malignant influences, not just in codified law but also in cultural practice.

Hawaiki Rising Sam Low 2019-11-30 Attuned to a world of natural signs—the stars, the winds, the curl of ocean swells—Polynesian explorers navigated for thousands of miles without charts or instruments. They sailed against prevailing winds and currents aboard powerful double canoes to settle the vast Pacific Ocean. And they did this when Greek mariners still hugged the coast of an inland sea, and Europe was populated by stone-age farmers. Yet by the turn of the twentieth century, this story had been lost and Polynesians had become an oppressed minority in their own land. Then, in 1975, a replica of an ancient Hawaiian canoe—Höküle'a—was launched to sail the ancient star paths, and help Hawaiians reclaim pride in the accomplishments of their ancestors. Hawaiki Rising tells this story in the words of the men and women who created and sailed aboard Höküle'a. They speak of growing up at a time when their Hawaiian culture was in danger of extinction; of their vision of sailing ancestral sea-routes; and of the heartbreaking loss of Eddie Aikau in a courageous effort to save his crewmates when Höküle'a capsized in a raging storm. We join a young Hawaiian, Nainoa Thompson, as he rediscovers the ancient star signs that guided his ancestors, navigates Höküle'a to Tahiti, and becomes the first Hawaiian to find distant landfall without charts or instruments in a thousand years. Hawaiki Rising is the saga of an astonishing revival of indigenous culture by voyagers who took hold of the old story and sailed deep into their ancestral past.
