Electrical Engineer's Reference Book G R Jones 2013-10-22 A long established reference book: radical revision for the fifteenth edition includes complete rearrangement to take in chapters on new topics and regroup the subjects covered for easy access to information. The Electrical Engineer's Reference Book, first published in 1945, maintains its original aims: to reflect the state of the art in electrical science and technology and cater for the needs of practising engineers. Most chapters have been revised and many augmented so as to deal properly with both fundamental developments and new technology and applications that have come to the fore since the fourteenth edition was published (1985). Topics covered by new chapters or radically updated sections include: * digital and programmable electronic systems * reliability analysis * EMC * power electronics * fundamental properties of materials * optical fibres * maintenance in power systems * electroheat and welding * agriculture and horticulture * aeronautic transportation * health and safety * procurement and purchasing * engineering economics

Boys Don't Cry Malorie Blackman 2011 "You have it all planned out. A summer of freedom, university, a career as a journalist - your future looks bright. But when the doorbell rings it's your ex-girlfriend; and she's carrying a baby. Your baby. You agree to look after it, just for an hour or two. Then she doesn't come back and your life changes for ever"--Back cover. First person recount.

A Guide to Writing in English as a Second Or Foreign Language Dan J. Tannacito 1995 This bibliography offers English-as-a-Second-Language (ESL) and English-as-a-Foreign-Language (EFL) specialists and non-specialists a listing of almost 3,500 works in the field of writing in ESL/EFL, at all educational levels, from 1937 through 1993. It includes works focusing on how non-native speakers write in English, how they learn to write in English, how ESL and native-English-speaker (NES) compositions compare, how English is taught in contexts where it is used as a second or foreign language, and instructional materials developed to support writing in a second/foreign language. Citations include bibliographies, monographs, textbooks, periodicals, dissertations and some (unannotated) master's theses, conference papers, and Educational Resources Information Center (ERIC) documents. An introductory section and a list of native languages addressed in the works precede the annotated entries. Author and subject indexes are also included. (MSE)

Oxford English Dictionary Additions Series J. A. Simpson 1997 This is the third in a major series of volumes supplementing the Second Edition of the Oxford English Dictionary. Volume 3 contains 3,000 new words and meanings from around the English-speaking world, including the UK (Citizen's Charter), North America (affluential, Clintonomics), Australia (beardie), and the West Indies (zouk). A wide variety of subjects is covered, including the sciences (buckyball, nanotechnology, Tourette syndrome), finance (junk bond, negative equity), literary theory (metafiction), computing (freeware, core dump), and sport (basho, lowball).

Snow Child Eowyn Ivey 2012 Alaska in the 1920s is a difficult place for Jack and Mabel. Drifting apart, the childless couple discover Faina, a young girl living alone in the wilderness. Soon, Jack and Mabel come to love Faina as their own. But when they learn a surprising truth about the girl, their lives change in profound ways.

Between a Rock and a Hard Place Aron Ralston 2004-09-15 One of the most extraordinary survival stories ever told -- Aron Ralston's searing account of his six days trapped in one of the most remote spots in America, and how one inspired act of bravery brought him home. It started out as a simple hike in the Utah canyonlands on a warm Saturday afternoon. For Aron Ralston, a twenty-seven-year-old mountaineer and outdoorsman, a walk into the remote Blue John Canyon was a chance to get a break from a winter of solo climbing Colorado's highest and toughest peaks. He'd earned this weekend vacation, and though he met two charming women along the way, by early afternoon he finally found himself in his element: alone, with just the beauty of the natural world all around him. It was 2:41 P.M. Eight miles from his truck, in a deep and narrow slot canyon, Aron was climbing down off a wedged boulder when the rock suddenly, and terrifyingly, came loose. Before he could get out of the way, the falling stone pinned his right hand and wrist against the canyon wall. And so began six days of hell for Aron Ralston. With scant water and little food, no jacket for the painfully cold nights, and the terrible knowledge that he'd told no one where he was headed, he found himself facing a lingering death -- trapped by an 800-pound boulder 100 feet down in the bottom of a canyon. As he eliminated his escape options one by one through the days, Aron faced the full horror of his predicament: By the time any possible search and rescue effort would begin, he'd most probably have died of dehydration, if a flash flood didn't drown him before that. What does one do in the face of almost certain death? Using the video camera from his pack, Aron began recording his grateful good-byes to his family and friends all over the country, thinking back over a life filled with adventure, and documenting a last will and testament with the hope that someone would find it. (For their part, his family and friends had instigated a major search for Aron, the amazing details of which are also documented here for the first time.) The knowledge of their love kept Aron Ralston alive, until a divine inspiration on Thursday morning solved the riddle of the boulder. Aron then committed the most extreme act imaginable to save himself. Between a Rock and a Hard Place - - a brilliantly written, funny, honest, inspiring, and downright astonishing report from the line where death meets life -- will surely take its place in the annals of classic adventure stories.

English Electric/BAC Lightning Mk5 1-6 Kev Darling 2008-10-01 The English Electric Lightning was the only British built fighter capable of Mach 2 to enter RAF service. Although frustrated by British officialdom the Lightning did serve with the RSAF and Kuwait. The only flying examples are now at Thunder City in South Africa.

Annual Summary of Investigations Relating to Reading, July 1, 1995 to June 30, 1996 International Reading Association, Newark, DE. 1997 This book (the 72nd and last in the annual series) summarizes approximately 500 reports of reading research identified between July 1, 1995 and June 30, 1996. The research studies in the book are categorized into 6 major areas: (1) summaries of reading research; (2) teacher preparation and practice; (3) sociology of reading; (4) physiology and psychology of reading; (5) the teaching of reading; and (6) reading of atypical learners. All but the first category in the book are further subcategorized, and individual studies within subcategories are grouped by subject. An author index and a list of journals monitored conclude the book. (RS)
