**What Is It All but Luminous** Art Garfunkel 2017-09-26 "Poetic musings on a life well-lived—one that is still moving forward, always creating, always luminous. This isn't your typical autobiography. Garfunkel's history is told in flowing prose, bounding from present to past, far from a linear rags-to-riches story." —Bookreporter "It's hard to imagine any single word that would accurately describe this book . . . an entertaining volume that's more fun to read than a conventional memoir might have been." —The Wall Street Journal "A charming book of prose and poetry printed in a digitalized version of his handwriting . . . witty, candid, and wildly imaginative . . . A highly intelligent man trying to make sense of his extraordinary life." —Associated Press From the golden-haired, curly-headed half of Simon & Garfunkel, a memoir (of sorts)—moving, lyrical impressions, interspersed throughout a narrative, punctuated by poetry, musings, lists of resonant books loved and admired, revealing a life and the making of a musician, that show us, as well, the evolution of a man, a portrait of a life-long friendship and of a collaboration that became the most successful singing duo in the roiling age that embraced, and was defined by, their pathfinding folk-rock music. In *What Is It All but Luminous*, Art Garfunkel writes about growing up in the 1940s and '50s (son of a traveling salesman, listening as his father played Enrico Caruso records), a middle-class Jewish boy, living in a redbrick semi-attached house on Jewel Avenue in Kew Gardens, Queens. He writes of meeting Paul Simon, the kid who made Art laugh (they met at their graduation play, *Alice in Wonderland*; Paul was the White Rabbit; Art, the Cheshire Cat). Of their being twelve at the birth of rock'n'roll ("it was rhythm and blues. It was black. I was captured and so was Paul"), of a demo of their song, *Hey Schoolgirl* for seven dollars and the actual record (with Paul's father on bass) going to #40 on the charts. He writes about their becoming Simon & Garfunkel, ruling the pop charts from the age of sixteen, about not being a natural performer but more a thinker, an underground man. He writes of the hit songs; touring; about being an actor working with directors Mike Nichols ("the greatest of them all"), about choosing music over a PhD in mathematics. And he writes about his long-unfolding split with Paul, and how and why it evolved, and after; learning to perform on his own . . . and about being a husband, a father and much more.

*Out of the Ashes* Robert White 2017-04-25 *Out of the Ashes* is the definitive history of the Provisional Irish Republican movement, from its formation at the outset of the modern Troubles up to and after its official disarmament in 2005. Robert White, a prolific observer of IRA and Sinn Féin activities, has amassed an incomparable body of interview material from leading members over a thirty-year period. In this defining study, the interviewees provide extraordinary insights into the complex motivations that provoked their support for armed struggle, their eventual reform, and the mind-set of today's 'dissidents' who refuse to lay down their arms. Those interviewed stem from every stage of the Provisionals' history, from founding figures such as Seán Mac Stiofáin, Ruairí Ó Brádaigh and Joe Cahill to the new generation that replaced them: Martin McGuinness, Danny Morrison, and Brendan Hughes among others. *Out of the Ashes* is a pioneering history that breaks new ground in defining how the Provisionals operated, caused worldwide condemnation, and were transformed by constitutional politics.

**Irish Culture and Colonial Modernity 1800–2000** David Lloyd 2011-09-22 From the Famine to political hunger strikes, from telling tales in the pub to Beckett's tortured utterances, the performance of Irish identity has always been deeply connected to the oral. Exploring how colonial modernity transformed the spaces that sustained Ireland's oral culture, this book explains why Irish culture has been both so creative and so resistant to modernization. David Lloyd brings together manifestations of oral culture in the nineteenth and twentieth centuries, showing how the survival of orality was central both to resistance against colonial rule and to Ireland's modern definition as a postcolonial culture. Specific to Ireland as these histories are, they resonate with postcolonial cultures globally. This study is an important and provocative new interpretation of Irish national culture and how it came into being.

*Unfinished* Richard Stearns 2014-01-14 *Believing Is Only the Beginning* Do you long for a deeper sense of meaning and purpose in your life? Do you believe all the right things, go to church, and faithfully read your Bible, still feeling that something is missing? You may be right. Two thousand years ago Jesus gave an urgent assignment to his followers right before he left. At its essence it was not just an invitation to believe; it was a bold call to action. It was a challenge to go into the world to reclaim, reform, and restore it for Christ. Simply stated, the message of this book is that God has invited you to join him in this world-changing mission. And if you are not personally participating in God's great endeavor, you could be missing the very thing he created you to do. Best-selling author Rich Stearns invites you not just to stand on the sidelines but to get into the game. That is when the adventure begins. "Unfinished, just might challenge everything you thought you understood about your Christian faith. Unfinished is a call to finish the job Christ gave his church to do. If every Christian read this book and took it seriously, the world would never be the same again."—Bill Hybels, senior pastor, Willow Creek Community Church; and chairman, Willow Creek Association "Just when I've gotten comfortable with my faith, here comes Rich Stearns, reminding me what matters and who God loves and why. Just when my world is the way I want it, Rich reminds me the world is not the way God wants it. Hungry families. Malnourished kids. Just when I dare think my work is done, Rich reminds me that we are just getting started. First in *The Hole in Our Gospel*, now in *Unfinished*, Rich gives me a kind, gracious kick. Thanks, Rich. (I think.)"—Max Lucado, pastor and best-selling author "Okay, admit it: sometimes you wonder . . . don't you? Is this it? The life you're living. Is there more? From his journey in corporate and nonprofit leadership—in very good causes—Rich Stearns concludes there is, indeed, more. More purpose. More meaning. More life. In *Unfinished* you will discover how your life can be about more."—Elisa Morgan, author; speaker; publisher, FullFill; and president emerita, MOPS International "Rich Stearns has done it again! In this winsome, engaging, and challenging book, he calls us back to some of the key issues of what it means to be followers of Christ in a world full of distractions and false gods. This is a book for everyone, about finding the place of our calling in God's global mission. It is a book about fulfillment, adventure, and a lifetime of transformation. It made me hungry for more of the life God has in store for us."—Dr. Stephen

Hayner, president, Columbia Theological Seminary "Your story can be a part of the Great Story. Rich Stearns knows the story and lives the story. Unfinished may call you to the greatest chapter of your life."—John Ortberg, senior pastor, Menlo Park Presbyterian Church; and author, *Who Is This Man?* "The kingdom is both already and not yet, the work of Christ both finished and to be completed. Stearns reminds readers of every Christian's responsibility to live on mission, in light of Jesus' example and call. Richard shows us by his life, the ministry he leads, and the passion of this book that there is much to be done and we are to be a part of God's grand plan."—Ed Stetzer, president, LifeWay Research; and author, *Subversive Kingdom* "Every generation of Christians needs a wake-up call to remind us of how serious and strenuous are the demands of discipleship. May Rich Stearns' *Unfinished* be that alarm for our time."—David Neff, editorial vice president, Christianity Today **The Wichita Lineman** Dylan Jones 2019-07-30 'It's just another song to me. I've written 1,000 of them and it's really just another one.' Jimmy Webb 'When I heard it I cried. It made me cry because I was homesick. It's just a masterfully written song.' Glen Campbell 'The sound of 'Wichita Lineman' was the sound of ecstatic solitude, but then its hero was the quintessential loner. What a great metaphor he was: a man who needed a woman more than he actually wanted her. Written in 1968 by Jimmy Webb, 'Wichita Lineman' is the first philosophical country song: a heartbreaking torch ballad still celebrated for its mercurial songwriting genius fifty years later. It was recorded by Glen Campbell in LA with a legendary group of musicians known as 'the Wrecking Crew', and something about the song's enigmatic mood seemed to capture the tensions in America at a moment of crisis. Fusing a dribble of bass, searing strings, tremolo guitar and Campbell's plaintive vocals, Webb's paean to the American West describes a telephone lineman's longing for an absent lover, who he hears 'singing in the wire' - and like all good love songs, it's an SOS from the heart. Mixing close-listening, interviews and travelogue, Dylan Jones explores the legacy of a record that has entertained and haunted millions for over half a century. What is it about this song that continues to seduce listeners, and how did the parallel stories of Campbell and Webb - songwriters and recording artists from different ends of the spectrum - unfold in the decades following? Part biography, part work of musicological archaeology, *The Wichita Lineman* opens a window on to America in the late-twentieth century through the prism of a song that has been covered by myriad artists in the intervening decades. 'Americana in the truest sense: evocative and real.' Bob Stanley

**An Unfinished Song** Rafikul islam 2018-06-21 *An Unfinished Song* (1913), reveals an interesting perspective on the Hindu nature and European and American cultural influences in India as of the early 20th century. Ghosal was the first female Bengali novelist to be published, a leader of the woman movement there, and a highly influential writer. Ghosal translated the work into English herself. Frankly, her prose and verse speak to some universally understood differences between men and women, such as: "A woman may be cruel in a moment when anger controls her, but she cannot resist the pleading of love, that melts her heart when nothing else will." From the novel's preface:"This is a story of life among the Reformed Party of Bengal, the members of which have to some extent adopted western customs. It shows the change that touch with Europe has brought upon the people of India, but in their inner nature the Hindus are still quite different from western races. The ideals and traits of character that it has taken thousands of years to form are not affected by a mere external change. This story, it is true, touches on one side of Indian life only, for in a small book it is difficult to depict many of the numerous phases of our Society; still I trust it will give the western reader some insight into the Hindu nature."

*Nothing But an Unfinished Song* Denis O'Hearn 2005-12-29 Bobby Sands was twenty seven years old when he died. He spent almost nine years of his life in prison because of his activities as a member of the Irish Republican Army (IRA). When he died on 5 May 1981, on the sixty-sixth day of his hunger strike against repressive prison conditions in Northern Ireland's H Block prisons, parliaments across the world stopped for a minute silence in his honor. Nelson Mandela followed Sands' example and led a similar hunger strike in South Africa, and Fidel Castro compared his suffering to that of Jesus. Bobby Sand's remarkable life and death have made him an "Irish Che Guevara." He is an enduring figure of resistance whose life has been an inspiration to millions around the world. In Hollywood, actors like Sean Penn, Mickey Rourke and Brad Pitt have flirted with a biopic of his life. But until the publication of *Nothing But an Unfinished Song*, no book has adequately explored the motivation of the hunger strikers, nor recreated this period of history from within the prison cell. Denis O'Hearn's powerful biography, with new material based on primary research and interviews, illuminates for the first time this enigmatic, controversial and heroic figure.

**Radicalization** Melissa Dearey 2009-12-04 Expanding the influence of auto/biography studies into cultural criminology, *Radicalization: The Life Writings of Political Prisoners* addresses the origins, processes and cultures of terrorist criminality and political resistance in a globalized world. Criminologists and penologists have long been aware of the sheer volume of autobiography emerging from our prisons. Political prisoners, POWs, freedom fighters and terrorists have been consistently and strongly represented in this corpus of work, including such authors as Bobby Sands, Wole Soyinka, Nelson Mandela, Moazzam Begg, Ngugi wa Thiong'o, Angela Davis, George Jackson, and Aung San Suu Kyi among others. For many of those who have been detained for ostensibly politically motivated crimes, life writing has proven to be indispensable in explaining the causes and processes which account for their situation. Embedded with these life writings are narratives of radicalization or resistance. Melissa Dearey here undertakes an international and comparative analysis of such narratives, where the 'life story' is considered as a mode of expressing and transmitting 'radical' cultural values.

**Smile Please** Jean Rhys 2016-11-03 Jean Rhys wrote this autobiography in her old age, now the celebrated author of *Wide Sargasso Sea* but still haunted by memories of her troubled past: her precarious jobs on chorus lines and relationships with unsuitable men, her enduring sense of isolation and her decision at last to become a writer. From the early days on Dominica to the bleak time in England, living in bedsits on gin and little else, to Paris with her first husband, this is a lasting memorial to a unique artist.

The Cake and the Rain Jimmy Webb 2017-04-18 "Novelistic, perfectly plotted and quite possibly the best pop-star autobiography yet written." - The Wall Street Journal Jimmy Webb's words have been sung to his music by a rich and deep roster of pop artists, including Glen Campbell, Art Garfunkel, Frank Sinatra, Donna Summer and Linda Ronstadt. He's the only artist ever to win Grammy Awards for music, lyrics, and orchestration, and his chart-topping career has, so far, lasted fifty years, most recently with a Kanye West rap hit and a new classical nocturne. Now, in his first memoir, Webb delivers a snapshot of his life from 1955 to 1970, from simple and sere Oklahoma to fast and fantastical Los Angeles, from the crucible of his family to the top of his longed-for profession. Webb was a preacher's son whose father climbed off a tractor to receive his epiphany, and Jimmy, barely out of his teen age years, sank down into the driver's seat of a Cobra to speed to Las Vegas to meet with Elvis. Classics such as "Up, Up and Away", "By the Time I Get to Phoenix", "Wichita Lineman", "Galveston", "The Worst that Could Happen", "All I Know", and "MacArthur Park" were all recorded by some of the most important voices in pop before Webb's twenty-fifth birthday: he thought it was easy. The sixties were a supernova, and Webb was at their center, whipsawed from the proverbial humble beginnings into a moneyed and manic international world of beautiful women, drugs, cars and planes. That stew almost took him down—but Webb survived, his passion for music and work among his lifelines. The Cake and The Rain is a surprising and unusual book: Webb's talent as a writer and storyteller is here on every page. His book is rich with a sense of time and place, and with the voices of characters, vanished and living, famous and not, but all intimately involved with him in his youth, when life seemed nothing more than a party and Webb the eternal guest of honor.

**Nothing But an Unfinished Song** Denis O'Hearn 2006-11-17 At seventeen, Bobby Sands was interested in girls, soccer, and music. Ten years later he led his fellow prisoners on a protest against repressive conditions in Northern Ireland's H-Block prisons that grabbed the world's attention. After sixty-six days of refusing to eat, Sands died on May 5, 1981. Parliaments across the world stopped for a minute's silence in his honor. Bobby Sand's remarkable life and death have made him an Irish Che Guevara. "Nothing But an Unfinished Song" is the first biography to properly describe the motivation of the hunger strikers, recreating this period of history from within the prison walls. This powerful book illuminates for the first time this enigmatic, controversial and heroic figure.

Blanketmen Richard O'Rawe 2016-06-30 "One of the most important books to emerge from the Troubles, and definitely the most courageous."--The Sunday Times \*\*\*\*Richard O'Rawe deserves praise for charging one of the most cynical leaderships anywhere in this island with manipulating the courage and determination of the hunger strikers."--The Guardian \*\*\*After the recent release of historical state and personal papers, Richard O'Rawe's courageous statements, ten years after Blanketmen's initial publication, stand vindicated. At the center of O'Rawe's book lies the disclosure that six of the ten H-Block hunger strikers starved themselves to death in vain, as an offer from the British Government was on the table that could have ended the strike after four of them had died. In this passionate and controversial book, O'Rawe reveals the rationale and motives behind the negotiations and strategy changes that eventually brought about the Peace Process. Otis Redding Jonathan Gould 2017-05-16 The long-awaited, definitive biography of The King of Soul, timed to coincide with the 50th anniversary of Redding's iconic performance at the 1967 Monterey Pop Festival. Otis Redding remains an immortal presence in the canon of American music on the strength of such classic hits as "(Sittin' on) The Dock of the Bay," "I've Been Loving You Too Long," "Try a Little Tenderness," and "Respect," a song he wrote and recorded before Aretha Franklin made it her own. As the architect of the distinctly southern, gospel-inflected style of rhythm & blues associated with Stax Records in Memphis, Redding made music that has long served as the gold standard of 1960s soul. Yet an aura of myth and mystery has always surrounded his life, which was tragically cut short at the height of his career by a plane crash in December 1967. In *Otis Redding: An Unfinished Life*, Jonathan Gould finally does justice to Redding's incomparable musical artistry, drawing on exhaustive research, the cooperation of the Redding family, and previously unavailable sources of information to present the first comprehensive portrait of the singer's background, his upbringing, and his professional career. In chronicling the story of Redding's life and music, Gould also presents a social history of the time and place from which they emerged. His book never lets us forget that the boundaries between black and white in popular music were becoming porous during the years when racial tensions were reaching a height throughout the United States. His indelible portrait of Redding and the mass acceptance of soul music in the 1960s is both a revealing look at a brilliant artist and a provocative exploration of the tangled history of race and music in America that resonates strongly with the present day.

**She Come By It Natural** Sarah Smarsh 2021-09-07 "Growing up amid Kansas wheat fields and airplane factories, Sarah Smarsh witnessed firsthand the particular strengths and vulnerabilities of females in working poverty. Now, Smarsh reveals the overlooked contributions to social progress by such women -- as exemplified by the beloved icon Dolly Parton. *She Come By It Natural*, originally published as a four-part series for the roots-music journal *No Depression*, explores the intersection of gender, class, and culture through Parton's trailblazing life and songs. Infused with Smarsh's trademark intelligence and humanity, this insightful examination is a tribute to Dolly Parton and the organic feminism she embodies." --

**Bobby Sands** Denis O'Hearn 2016-03-10 This is the best-selling biography of the IRA resistance fighter and hunger-striker, Bobby Sands. In this updated, new edition, Denis O'Hearn draws from a wealth of interviews with friends, comrades, fellow prisoners and prison wardens, to provide a faithful and shocking insight into life in Northern Ireland's H-Block prisons, an exploration of the motivations and thoughts of the Republican strikers and the story of one of the world's most radical, inspirational figures. Following his journey from its very beginnings - an ordinary boy from a working-class background in Belfast to a highly politicised, articulate revolutionary whose death in HM Prison Maze sent reverberations around the world, *Bobby Sands: Nothing But An Unfinished Song* captures the atmosphere of the time and the vibrancy of the man: a militant anti-imperialist who held on to his humanity despite living through a bitter, ugly struggle.

*Living at the Edges of Capitalism* Andrej Grubic 2016-04-19 Since the earliest development of states, groups of people escaped or were exiled. As capitalism developed, people tried to escape capitalist constraints connected with state control. This powerful book gives voice to three communities living at the edges of capitalism: Cossacks on the Don River in Russia; Zapatistas in Chiapas, Mexico; and prisoners in long-term isolation since the 1970s. Inspired by their experiences visiting Cossacks, living with the Zapatistas, and developing connections and relationships with prisoners and ex-prisoners, Andrej Grubic and Denis O'Hearn present a uniquely sweeping, historical, and systematic study of exilic communities engaged in mutual aid. Following the tradition of Peter Kropotkin, Pierre Clastres, James Scott, Fernand Braudel and Imanuel Wallerstein, this study examines the full historical and contemporary possibilities for establishing self-governing communities at the edges of the capitalist world-system, considering the historical forces that often militate against those who try to practice mutual aid in the face of state power and capitalist incursion.

**Fasting: An Exceptional Human Experience** Randi Fredricks, Ph.D. 2012-12-20 Fasting An Exceptional Human Experience Since prehistory, fasting has been used in various ways as a means of transformation. As a spiritual practice, it is the oldest and most common form of asceticism and is found in virtually every religion and spiritual tradition. In psychology, studies have suggested that fasting can alleviate the symptoms of some psychiatric conditions, including depression and schizophrenia. In medicine, fasting is one of the most promising therapies, with research suggesting that fasting can cause certain drugs, such as chemotherapy, to work better while reducing drug side-effects. Hunger striking, sometimes called political fasting, may be the most powerful application of fasting. Proof of this occurred in 1948 when Gandhi's hunger strike caused millions of Hindus and Muslims in India to cease their fighting. As a practical guide, Randi Fredricks, Ph.D. provides detailed information on the different types of fasting, where people fast, the physiological process of fasting, and the contraindications and criticisms of fasting. Using existing literature and original research, Dr. Fredricks focuses on the transformative characteristics of fasting in the contexts of psychology, medicine, and spirituality. The relationship between fasting and transpersonal psychology is examined, with a focus on peak experiences, self-realization, and other exceptional human experiences. Dr. Fredricks demonstrates how fasting can be profoundly therapeutic, create global paradigm shifts, and provide personal mystical phenomena.

**Living at the Edges of Capitalism** Andrej Grubic 2016-04-19 Since the earliest development of states, groups of people escaped or were exiled. As capitalism developed, people tried to escape capitalist constraints connected with state control. This powerful book gives voice to three communities living at the edges of capitalism: Cossacks on the Don River in Russia; Zapatistas in Chiapas, Mexico; and prisoners in long-term isolation since the 1970s. Inspired by their experiences visiting Cossacks, living with the Zapatistas, and developing connections and relationships with prisoners and ex-prisoners, Andrej Grubic and Denis O'Hearn present a uniquely sweeping, historical, and systematic study of exilic communities engaged in mutual aid. Following the tradition of Peter Kropotkin, Pierre Clastres, James Scott, Fernand Braudel and Imanuel Wallerstein, this study examines the full historical and contemporary possibilities for establishing self-governing communities at the edges of the capitalist world-system, considering the historical forces that often militate against those who try to practice mutual aid in the face of state power and capitalist incursion.
