Echoes and Empires Morgan Rhodes
2022-01-04 From the New York Times bestselling author of the Falling Kingdoms series

comes the first book in a brand-new duology about forbidden magic and dangerous secrets, for readers of Victoria Aveyard and Margaret Rogerson. Josslyn Drake knows only three things about magic: it's rare, illegal, and always deadly. So when she's caught up in a robbery gone wrong at the Queen's Gala and infected by a dangerous piece of magic—one that allows her to step into the memories of an infamously evil warlock—she finds herself living her worst nightmare. Joss needs the magic removed before it corrupts her soul and kills her. But in Ironport, the cost of doing magic is death, and seeking help might mean scheduling her own execution. There's nobody she can trust. Nobody, that is, except wanted criminal Jericho Nox, who offers her a deal: his help extracting the magic in exchange for the magic itself. And though she's not thrilled to be working with a thief, especially one as infuriating (and infuriatingly handsome) as Jericho, Joss is desperate enough to accept. But Jericho is nothing like Joss expects. The closer she grows to Jericho and the more she sees of the world outside her pampered life in the city, the more Joss begins to question the beliefs she's always taken for granted—beliefs about right and wrong, about power and magic, and even about herself. In an empire built on lies, the truth may be her greatest weapon.

The Dr. Seuss Catalog Richard H.F. Lindemann 2015-02-16 Theodor Seuss Geisel—known worldwide as the beloved children's author Dr. Seuss—produced a body of work that spans more than 70 years. Though most often associated with children's books, he frequently contributed cartoons and humorous essays to popular magazines, produced effective and memorable advertising campaigns ("Quick, Henry, the Flit!"), and won Oscars and Emmys for motion picture productions, animated shorts, and features. As founder and president of Beginner Books, his influence on children's book publishing was revolutionary, especially in the field of elementary readers. Geisel's prolific career—he wrote or contributed illustrations to more than 75 books, most of which have been reprinted repeatedly and translated worldwide—and his predilection for made-up creatures make this joint bibliography and iconography especially useful to readers and researchers. The exhaustive bibliography is

arranged chronologically, providing full bibliographic information, including translations as they appear, reissue information, and descriptions of the binding. The iconography links more than 900 fictional names, places and terms to the works in which they appear. For the reader seeking a first edition of *Quomodo Invidiosulus Nomine Grinchus Christi Natalem Abrogaverit* (How the Grinch Stole Christmas! translated into Latin) or hoping to identify "abrasion-contusions" (race cars in *If I Ran the Circus!*), this work promises as much discovery as a walk down Mulberry Street.

The Lyrics Paul McCartney 2021-11-02 THE SUNDAY TIMES BOOK OF THE YEAR A self-portrait in 154 songs, by our greatest living songwriter 'More often than I can count, I've been asked if I would write an autobiography,

but the time has never been right. The one thing I've always managed to do, whether at home or on the road, is to write new songs. I know that some people, when they get to a certain age, like to go to a diary to recall day-to-day events from the past, but I have no such notebooks. What I do have are my songs, hundreds of them, which I've learned serve much the same purpose. And these songs span my entire life.' In this extraordinary book, with unparalleled candour, Paul McCartney recounts his life and art through the prism of 154 songs from all stages of his career - from his earliest boyhood compositions through the legendary decade of The Beatles, to Wings and his solo albums to the present.

Arranged alphabetically to provide a kaleidoscopic rather than chronological account, it establishes definitive texts of the songs' lyrics for the first time and describes the circumstances in which they were written, the people and places that inspired them, and what he thinks of them now. Presented with this is a treasure trove of material from McCartney's personal archive - drafts, letters, photographs - never seen before, which make this also a unique visual record of one of the greatest songwriters of all time. We learn intimately about the man, the creative process, the working out of melodies, the moments of inspiration. The voice and personality of Paul McCartney sings off every page. There has never been a book about a great musician like it. Each volume is 480 pp, not available separately

How To Be Invisible Kate Bush 2018-12-04 Selected and arranged by the author, and with a new introduction by novelist David Mitchell, *How To Be Invisible* presents the lyrics of Kate Bush published together for the first time. 'For millions around the world, Kate is way more than another singer-songwriter: she is a creator of musical companions that travel with you through life. One paradox about Kate is that while her lyrics are proudly idiosyncratic, those same lyrics evoke emotions and sensations that feel universal. Literature works in similar mysterious ways. Kate's the opposite of a confessional singer-songwriter ... You don't learn much about Kate from her songs. She's fond of masks and costumes - lyrically and literally - and of yarns, fabulations and atypical narrative viewpoints. Yet, these fiercely singular songs, which nobody else could have authored, are also maps of the heart, the psyche, the imagination. In other words, art.' David Mitchell
